Dear

You will recall that we have previously discussed my case with regard to Post Office and the issues surrounding Horizon. I am writing to you on this occasion to inform you that I have just submitted an application form to the Case Review and Mediation Scheme that has been agreed between Post Office, Justice For Subpostmasters Alliance (JFSA) and 2nd Sight, a firm of independent forensic accountants and investigators.

The scheme runs to a strict timetable and I will keep you informed as to how my case progresses. If you are interested in the full details of the scheme, it is possible to download the complete document pack from the jfsa.org.uk website.

Yours sincerely,

I am writing to you to inform you that I have just submitted an application form to the Case Review and Mediation Scheme that has been agreed between Post Office, Justice For Subpostmasters Alliance (JFSA) and 2nd Sight, a firm of independent forensic accountants and investigators.

You may be aware that there has been considerable media coverage recently over the concerns at the way Post Office has treated Subpostmasters in the past with issues surrounding its Horizon system. Many of your fellow MPs have raised questions in the House of Commons on behalf of Subpostmasters within their constituency who also have suffered at the hands of Post Office.

The office of James Arbuthnot MP for North East Hampshire has been acting as a central point of information for MPs on this matter. Would you please contact his office to notify him that I have submitted an application to this Scheme, and request they keep you informed of further developments in this matter that may affect me, your constituent.

The scheme runs to a strict timetable and I will keep you informed as to how my case progresses. If you are interested in the full details of the process, it is possible to download the complete document pack from the jfsa.org.uk website.

Please do not hesitate to contact me should you require any further information or if you would find it helpful for me to discuss my case further with you at one of your surgeries.

Yours sincerely,
